**NOTICE INVITING EXPRESSION OF INTEREST**

Rehabilitation Plantations Ltd., a joint venture of Government of India and Government of Kerala and is in the field of Rubber Plantations consisting of ~ 2100 Ha (on lease from Kerala Forest Department). The Company is having 2 Estates – one at Ayiranallur and another at Kualthupuzha in Kollam (Dist) and have three factories-viz- Latex Centrifuging Factory, Crumb Rubber Factory and Rubber Sheeting Factory at Kulathupuzha.

Presently the Company is having Tally software for financial accounting and indigenously developed software for payroll preparation. All the activities of the Company are proposed to be computerized and integrated (this include Plantation, Factories, Purchase, Stores & Inventory , Sales , Nursery , functions of Engineering wing, Asset Management , HR , Fleet Management , Accounts , MIS etc.)

Since the Company is not having sufficient expertise to supervise the activities connected with the development and implementation of a complete software solution, it has been decided to avail the services of a well experienced agency/firm in this field for providing assistance in monitoring the development and implementation of fully integrated software solution.

Scope of work of the Consultant include inter-alia :-

- Detailed system study

- Preparation of system requirement
- Proposal for details of application software to be developed.
- Preparation of tender document (technical & commercial bid) including tender notice, suggest pre-qualification criteria, convening pre-bid conference, technical evaluation of bids, assist in techno-commercial discussions with successful bidders and in selection of the party and software.
- Monitor the timely and successful implementation of software, testing the IT products supplied by the successful bidder, supervision of installation and commissioning of hardware, peripherals, software and networking products.
- Establishing connectivity as per specifications.
- Any other related assignments/service in connection with the development and implementation of a totally integrated software solution for the Company.

Interested parties may submit a detailed proposal for undertaking the above mentioned Consultancy Service with their credentials and terms and conditions, on or before 30.06.2008 to the undersigned.
